- Gilt Strip
- Yellow Silk
- Red Silk
- Blue Silk
- Black Silk
- White Silk

A note on colors:  
 The piece in question is very faded, so many of the colors are washed out. In addition, the gold strip is corroded black. Luckily the coats of arms are known and the original colors can be determined from them.

The bottom motif to the left is faded almost white on the original, But these are the arms of Margaret of England: Gold lions on a red field.
